**A Range of Experience of Music**  
 Children will perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians

**Using Instruments**  
 Children will learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence

**Building Knowledge of Music structure**  
 Children will understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

At Upottery Primary school, we believe all children should have opportunity to hear, compose and perform music and enjoy listening to a wide range of music. Starting with singing we value how music can bring together our **school community** as well as our wider community. We encourage performances both within our school but also into the wider community with an opportunity for the children to perform in local churches, shops and at The Great Hall in Exeter for a wide range of audiences. Through our connection to our Devon music community we are able to have a range of instruments for children to experience throughout their time at Upottery. From djembe drums to simple flutes children learn the core knowledge of music and begin to learn simple musical notation. Children have the opportunity to hear a wide range of music from around the world and learn how music plays a part in different cultures. They also have the opportunity to enrol in extra curriculum music lesson. By valuing this area of the curriculum we create a culture where children can explore their musical creativity which we hope will inspire them in their future life
