

PSHE

Our learning values

Celebrate	Care	Learning	Resilience	Respect	Happiness
Upottery pupils can present their ideas to others. They are aspirational in their learning.	Upottery pupils take a pride in their learning. They listen to and value their peers. They respect the views of others.	Upottery pupils ask questions. They are reflective learners. They want to learn about the wider world.	Upottery pupils are self-motivated. They take risks. They persevere.	Upottery pupils make connections in their learning. They can show their learning in different ways.	Upottery pupils are collaborative. They share ideas and value the ideas of others. They care for other people.

Me and My Relationships	Valuing Difference	Keeping Safe	Rights and Respect	Being my Best	Growing and Changing
--------------------------------	---------------------------	---------------------	---------------------------	----------------------	-----------------------------

At Upottery Primary School, we believe it is vital to equip children with the tools to help them navigate through the challenges in life. By carefully following the excellent program of Coram Scarf, children are able to openly discuss, share and understand the issues which affect them and will continue to as they mature.

We react to events individually, locally and nationally supporting children with changes and events which could have an effect on their and their family's life. Using a range of materials from stories to films we help give children the language they need to express themselves and recognise their own feelings and how these can relate to different behaviours. This gives the children the tools to help them understand themselves and others.

Sex and relationship education is taught as part of the PHSE curriculum and pupils can explore this learning about their own feelings and bodies, as well as understand the importance of healthy and appropriate relationships.
